Essential Question: How did the Civil War impact people?

Focusing Question (lessons 29-37) How did the Civil War impact girls and women?

Standards:

- Determine two or more main ideas of a text and explain how they are supported by key details; summarize the text
- Engage effectively in a range of collaborative discussions (one-on-one; in groups, and teacher-led) building on other;s ideas and expressing their own clearly.
- Write opinion pieces on topics or text, supporting point of view with reasons and information.

End of Module Task: Write an opinion essay in which you support your point of view about whether the Civil War impacted members of the Pruitt family in mostly positive or mostly negative ways. Use evidence from *The River Between Us* to develop two reasons. Elaborate on your evidence to support your reasons. (We will work on this more during the math/science TCAP)

Students will work to develop an opinion essay on the above prompt. Students can have whatever opinion they want, as long as they can fully support their opinion.

I know it is that time of year when the weather is cold and the air dry. I am asking that students refrain from using lotions that have a perfume scent in my classroom. The scent can cause headaches and can trigger asthma. Any non-scented lotion is fine. Thank you!
