## Math Agenda

Hooray!!! TCAP is finished!!! Thank you for sending your children prepared, rested, and ready to shine. Our focus for April 26-May 2nd is Measurement-Unit Conversions. Students will discover amazing animal facts in the book, "If You Hopped Like a Frog". While utilizing their knowledge of converting metric and customary units, students will reframe the facts and explain how these adaptations would impact people. On May 1, we will review for our Unit Conversion test. The assessment will be given on Thursday, May 2.

**Essential Question:** How can sports influence individuals and societies?

**Focusing Question:**

How can sports affect the way we view others?

How can sports create opportunities for change?

How can people challenge or overcome barriers through sports?

**Standards:**

- Research various text to further understand and support the impact of sports.
- Engage effectively in a range of collaborative discussions (one-on-one; in groups, and teacher-led) building on other;s ideas and expressing their own clearly.

**End of Module Task (module 3):** Write an opinion essay in which you support your point of view about whether the Civil War impacted members of the Pruitt family in mostly positive or mostly negative ways. Use evidence from *The River Between Us* to develop two reasons. Elaborate on your evidence to support your reasons. (We will work on this more during the math/science TCAP)

Students will work to develop an opinion essay on the above prompt. Students can have whatever opinion they want, as long as they can fully support their opinion.

**Essays will be due 4/30**

We will begin aspects of module four

*I know it is that time of year when the weather is cold and the air dry. I am asking that students refrain from using lotions that have a perfume scent in my classroom. The scent can cause headaches and can trigger asthma. Any non-scented lotion is fine. Thank you!*
